

## Neighborhood • Home • Family

These are the essence of Needham.

Here in Needham we value a community where teachers can live alongside lawyers, bankers next to construction workers, retirees next to young parents, CEO's next to firefighters. But as home prices continue to outpace salaries, these types of neighborhoods are becoming harder to maintain and achieve.

That's what Needham Opportunities, Inc. is all about: helping people achieve their dreams by preserving and developing affordable housing options right here in Needham. People from diverse backgrounds and income levels who will become part of the fabric of Needham life, making our community stronger, richer and more vibrant.

***Our Mission is:***

***“To promote, preserve, and develop affordable housing in partnership with the community of Needham, and to improve economic opportunities for residents with low and moderate incomes.”***

***“It’s really been a wonderful blessing to have been given this opportunity to purchase this home, I just can’t say enough good things about this home, this town and our experience living here.”***

***Kathryn, a first time buyer***
